Over the half way mark of 2023, in this Club Newsletter time frame, plenty of rescheduled rounds. Due to Poor waves or no waves & Scullicandy Junior Surf comp Lennox Main beach early July. No June round due to no waves on our 2nd Sunday & 3rd Sunday.

A nice reprieve for the August Round, though put back one week, very Surfable waves & conditions were a hall-mark of the morning club round.

A Big welcome, to three new club members to our ranks, Donovan Daniels, Mick Tsembis & Nick Steele.

The Annual club campout down to Point Plomer was again on late May / June . 15 Club members enjoyed a week of though small waves @ this unique camping paradise, just south of Crescent Head. We shared it with a contingent of Foil Surfers, also camping at the same time frame. Respecting each other company in the water. A first class campsite, surfed every day, good food, good company & sunsets to treasure. On again in 2024, Annual campout @ Plomer, Late May early June.

Club Round Wrapups

May 14th 2023 Lennox Longboarders Club

Round, Results & Voucher Winners

The day started off overcast but with no rain and with a sign up of 22 competitors we ran the first heat just after 8.00 on a dropping tide, in clean off shore conditions, and a waist to head high swell.

All the crew were very enthusiastic even in the changeable weather with light showers then sunshine but even at dead low tide there was some super surfing, on very surfable waves and with lots of fun.

A big cook up of egg and bacon sangas by Pres Will set the mood for a really good club day with great surfing particularly in the Firsts final with Aaron Smith taking it out by only 0.02 from Jackson Cochrane ... the last word heard was from John Eddy saying what a fun morning it was, both in and out of the water.

The swell had picked up as the tide turned and with the off shore and the fairly glassy conditions staying with us to the last heat. Stoked!!
